

18th International Conference on Ion Sources

Friday, 6 September 2019

Applications of ion sources (09:00 - 11:00)

time	[id] title	presenter
09:00	[49] The role of ion sources in synthesis of the super-heavy elements	EFREMOV , Andrey
09:30	[50] Ion thrusters and electrical propulsion developments	KLAR , Peter
10:00	[51] Capabilities of radio-frequency ion-sources in surface modification of materials	BECKER , Martin
10:20	[52] Present status of ion sources at QST-NIRS and carbon-ion radiotherapy facilities	KITAGAWA , Atsushi
10:40	[53] Neutron generator based on intense lithium beam driver	IKEDA, Shunsuke
